About me

I am a reliable, creative and hardworking professional, adept at working in teams and on my own initiative. I continually strive to stay ahead of the curve with the latest trends and frameworks while embracing the challenge of problem-solving additionally, I'm experienced in software development and design, and mainly focus on growing while helping others.

Experience

TECHKIT - Bangalore

Frontend Engineer : Jul 2022 - Nov 2022

At Techkit I had the opportunity to successfully utilize my skills to design & develop a top-tier online presence for the company with the help of nextjs, sanity and tailwind css ,therefore making it possible to attract a larger audience and new potential customers

Urban Gifts - Bangalore

Wordpress Developer : Jun 2021 - Nov 2021

I solved complex issues at Urban Gifts by creating an E-commerce site to help them reach their target audience and constantly updating and maintaining the site. this experience provided me with a wealth of knowledge that has enhanced my capabilities
